CATALOGUE  
**2024**

Pispo is a UK based company established in 2012 that develops, markets and distributes diagnostic & medical devices worldwide.

The company focuses on independent pharmacy distribution, servicing more than 2000 independent pharmacies as "House of European Pharmacy"

### Useful Information

Pispo's MISSION is to become the "House of European Pharmacy". The single point of contact and the key supplier for the UK and Europe for all products (medical devices, food supplements, cosmetics) that are sold in a pharmacy, other than pharmaceutical products.

Pispo works hard on creating partnerships with companies that have a similar mission and thanks to these partnerships, which integrate with Pispo's product portfolio, Pispo becomes the exclusive distributor for the UK and different European regions for its partners.

Pispo's top VALUES are Quality, Integrity and Compliance. These values are always considered when providing products and services directly to customers and, indirectly, to patients.

Pispo's products meet high quality standards and are always compliant with regulatory requirements. Customers are always looked after respecting confidentiality and data integrity.

# INSTANTICE

## DOUBLEPACK

Provides fast and effective relief

**PISPO**

LABORATORI DEL  
MEDITERRANEO

### INSTANT ICE

#### Instant Ice

PISPO LDM instant ice is designed to naturally relieve pain by using cold therapy, which prevents swelling and inflammation. It offers relief in cases of traumas, sprains, bruises, insect bites and small burns.

#### Cryotherapy

Cryotherapy (cold therapy) is effective for the treatment of inflamed swollen tissue and muscles. Cold therapy reduces blood flow and bleeding. It also helps to prevent swelling and inflammation.

SELF-DIAGNOSTIC TESTS TO DO COMFORTABLY AT HOME  
RESULTS IN MINUTES

Male sterility  
Ovulation  
Pregnancy  
Ferritin  
Vitamin D  
Urinary tract infections

RELIABLE AND EASY TO USE

**VIT D Self Test**

Vitamin D Self Test

Code: PISMx86307  
RRP: £6.99

The Vitamin D Rapid Test is a rapid test to detect Vitamin D levels, the test is conducted by way of a blood test from a finger prick.

This home test is a preliminary diagnostic test result and can be used to screen for Vitamin D deficiency.

Contains 1 self testing cassette

10 minutes results

Easy-to-read test result.

**MALE FERTILITY TEST**

Male fertility Self Test

Code: PISMx86311  
RRP: £8.00

For in vitro qualitative estimation of sperm concentration in human semen

Rapid test for home use

Result in 4 minutes

Auxiliary aid in clinical diagnosis of infertility and/or pregnancy planning

**IRON - Ferritin Self Test**

Iron Levels Self Test

Code: PISMx86308  
RRP: £7.99

For the detection of ferritin, the test is conducted by way of a blood test from a finger prick.

The test assists with determining iron levels and can indicate potential iron deficiency or anaemia

Contains 1 self testing cassette

Quick read - 5 minutes results

Accurate Reading

Easy to use

**INFECTION TEST**

Urinary Tract Infection Test

Code: PISMx86306  
RRP: £4.99

For early detection of urinary tract infections / cystitis.

Rapid test for home use.

Detects leukocytes, protein, nitrite and blood in urine.

Easy-to-read colour chart.

3 individually wrapped strips

Quick read off the results after approx. 2 minutes.

**OVULATION - Midstream Self Test**

Ovulation Test

Code: PISMx86310  
RRP: £10.99

The LH Ovulation Rapid Test Midstream (Urine) is a rapid chromatographic immunoassay for the qualitative detection of luteinizing hormone (LH) in urine to aid in the detection of ovulation.

The kit contains 5 tests, allowing to test over several days to find the most fertile time.

Quick read - 3 minutes results

Accurate reading

Easy to use

**PREGNANCY TEST**

Early Pregnancy Test

Code: PISMx86309  
RRP: £4.90

Rapid test that can be used 6 days before period.

Secure, more than 99% accurate.

2 self testing kits.

Detects hCG in urine at a concentration of 10 IU/L.

Read off the results after approx. 3 minutes.

## T-GLASS

Analogue Thermometer

**PISPO**

Code: 2020.10.1  
RRP: £8.99

### Safe and ecological

Mercury-free, contains harmless calibrated liquid alloy.

### Measuring range

35°C - 42°C

### Easy to clean

Glass body, easy to clean between measurements with any alcohol-based solution.

### Easy temperature lowering

Thanks to the flap added to the case.

### INCLUDED ACCESSORIES

**Plastic case**  
for safe storage.

**Shaking device**  
for easy temperature lowering.

## CLASSIC Easyflip

Analogue Thermometer

**Geratherm**

Code: 303.13.1  
RRP: £10.49

### Safe and ecological

Mercury-free, contains harmless calibrated liquid alloy.

### Measurement range

Double Scale (°C and °F)  
35.5 °C - 42.0 °C / 95 °F - 108 °F

### Easy temperature lowering

Thanks to the Easyflip device provided.

### INCLUDED ACCESSORIES

**Plastic case**  
for safe storage.

**Shaking device**  
for easy temperature lowering.

## T-CLASSIC

Analogue Thermometer

**CA-MI**

Code: 2020.09  
RRP: £8.79

### Safe and ecological

Mercury-free, contains harmless calibrated liquid alloy.

### Measuring range

35°C - 42°C

### Easy to clean

Glass body, easy to clean between measurements with any alcohol-based solution.

### INCLUDED ACCESSORIES

**Plastic case**  
for safe storage.

## CLASSIC XL

Analogue Thermometer

**Geratherm**

Code: 303.24  
RRP: £10.99

### Safe and ecological

Mercury-free, contains harmless calibrated liquid alloy.

### Measuring range

35°C - 42°C

### Easy to clean

Glass body, easy to clean between measurements with any alcohol-based solution.

### INCLUDED ACCESSORIES

**Plastic case**  
Magnifying case which helps for a easy reading while provides protection against breakage.

## DIGIT-40

Digital Thermometer

**PISPO**

Code: 2020.17  
RRP: £5.49

### Rigid tip

Rectal, axillary or oral measurement.

### Measurement range

35°C – 42.0 °C. Can be set also on °F.

### Shock & waterproof

Certified IP54 rating.

### Quick

Takes from 40 to 90 seconds to measure body temperature.

### Energy save

Automatically shuts off after 8 minutes.

### Long Lasting

Up to 1200 measurements and three years of life thanks to the replaceable battery.

### Display box

4-colour counter display box of 24's can be folded and used as display box from retail counters.

#### INCLUDED ACCESSORIES

#### Plastic case

For safe storage.

#### 1.5V button battery

Type LR41 or AG3.

## DIGIT-40F

Digital Thermometer

**PISPO**

Code: 2020.18  
RRP: £7.19

### Flexible tip

Rectal, axillary or oral measurement.

### Measurement range

35°C – 42.0 C. Can be set also on °F.

### Shock and waterproof

Certified IP54 rating.

### Quick

Takes from 40 to 90 seconds to measure body temperature.

### Energy save

Automatically shuts off after 8 minutes.

### Long lasting

Up to 1200 measurements and three years of life thanks to the replaceable battery.

### Display box

4-colour counter display box of 24's can be folded and used as display box from retail counters.

#### INCLUDED ACCESSORIES

#### Plastic case

For safe storage.

#### 1.5V button battery

Type LR41 or AG3.

## RAPID

Digital Thermometer

**Geratherm**

Code: 303.17  
RRP: £11.99

### Flexible tip

Can be bent up to 45°.

### Measurement range:

32.0°C to 43.9°C.

### Anti allergic

Gold sensor has anti-allergic effect.

### Fast

9 seconds reading time.

### Accuracy and precision

High accuracy (+/- 0.1 °C).

### Easy to read

Extra-large, easy-to-read display.

### Smart

Beeps when ready, switches off automatically.

### Memory

Built-in memory enabling display of the previously measured value.

#### INCLUDED ACCESSORIES

#### Plastic case

For safe storage.

#### Battery

Micro Alkaline 192, LR41

## DIGIT-10P

Digital Thermometer

**CA-MI**

Code: 2020.13  
RRP: £12.99

### Flexible tip

Rectal, axillary or oral measurement.

### Measurement range

32°C - 42.99 °C

### Predictive

Advanced algorithm predicting the correct temperature with superior accuracy, no matter where you measure it.

### Quick

Takes only 10 seconds to measure body temperature.

### Energy save

Automatically shuts off after 8 minutes.

### Long lasting

Up to 1200 measurements and three years of life thanks to the replaceable battery.

### Display box

4-colour counter display box of 12's can be folded and used as display box from retail counters.

#### INCLUDED ACCESSORIES

#### Plastic case

For safe storage.

#### 1.5V button battery

Type LR41 or AG3.

## 2IN1 MX HEALTH

Ear and Forehead Thermometer

**THE SMALLEST  
ON THE  
MARKET**

### INCLUDED ACCESSORIES

**Plastic case**  
For safe storage.

**Battery**  
3V - type CR2032

## T-PLUS

Contactless Thermometer

**PISPO**

> T-Plus sensors

Code: 2020.25  
RRP: £48.99

### Non-contact technology

Measurements are taken between 0-3cm from the forehead guaranteeing the best hygienic conditions.

### Measurement range

32 °C – 43.0 °C. Can be set also on °F.

### Instant measurements

Extremely quick: takes 1 second to measure temperature.

### Superior accuracy

Provided with 3 special sensors detecting temperature, correct distance, and temperature balance. Operated by the extremely precise Japanese state-of-the-art firmware.

### Position aid

A dedicated distance sensor guides user to reach the correct measuring distance.

### Auto cooldown

Prevents systematic errors caused by too frequent tests.

### Fever alarm

Triple color backlight and 3 different buzzers to indicate different temperatures.

### Wide memory

Stores up to 30 measurements for easy monitoring.

### Energy save

Automatically shuts off after 30 seconds.

### INCLUDED ACCESSORIES

### Rigid plastic case

for safe storage and transport.

### 1.5 Volt batteries

2 x Alkaline AAA size.

### EASY TO READ

# Blood pressure monitors

## Overview

### BLOOD PRESSURE MONITORING

*Blood pressure* is the term used to describe the **strength** with which blood pushes on the sides of the arteries as it is **pumped** around the body.

**High blood pressure (hypertension)** can put a strain on the arteries and organs, which can increase the risk of developing serious problems such as heart attacks and strokes. **Low blood pressure (hypotension)** is not usually as serious, although it can cause dizziness and fainting in some people.

**Monitoring** blood pressure is the only way to find out if the blood pressure is too high or too low, because most people will not have any obvious hypertension symptoms.

### DIFFERENT SOLUTIONS FOR EVERY NEED

A variety of blood pressure monitors is available so blood pressure can be measured while at home or out and about. Whether one's preference goes to **wrist** or **upper arm** type, PISPO has the perfect product to suit every need.

> My Pressure 2.0

**UPPER ARM**  
Classic design meets state of the art technology. Thanks to the implemented inflation technology measurements are quick, gentle and reliable.

> Mx Wrist Monitor

**WRIST TYPE**  
Small in size, yet accurate. Quick and easy to wear and very convenient for everyday use, wherever you are.

## Overview

### Blood pressure monitors

### COMFORTABLE & EASY TO USE

Pispo selected a wide range of products that grants **reliability, comfort** and ease of use. Anyone can check their own blood pressure every day, and assist the clinician with accurate information.

### COMFORTABLE

Soft-finishing cuff, wrapping gently around the arm.

### RELIABLE

Guarantees reliable results thanks to body movements and interferences detection system.

### EASY TO READ

Blood pressure values are classified according to the World Health Organization guidelines.

Italian DESIGN

Quick & GENTLE

### PRECISE AND VALIDATED

Most of Pispo devices **passed** the ESH (European Society of Hypertension) clinical accuracy test, known as the most stringent test of clinical accuracy in the world.

Moreover, to display measurements in a more **comprehensible** and worldwide recognized way, these devices comply with the WHO Classification Guideline pressure every day, and assist the clinician with **accurate** information.

## MY PRESSURE 2.0

Upper Arm Blood Pressure Monitor

Code: 2020.20  
RRP: £36.99

### Clear Read

Wide LCD monitor: all info at one glance.

### Irregular heartbeat detection

Detects irregular pulse rhythms, index of cardiac arrhythmias.

### Average value

Displays the average of the latest three readings.

### Double memory, double user

Stores up to 90 results in each of the two memory banks.

### Switchable power supply

Can be used with AC adapter (not included) or AA alkaline batteries.

### Always with you

Compact and easily transportable thanks to its carrying pouch.

### ESH clinical validation

In compliance with the European Society of Hypertension.

### WHO Classification

Blood pressure values are classified according to the World Health Organization guidelines.

### INCLUDED ACCESSORIES

#### Carrying pouch

for safe storage and transport.

#### 1.5V batteries

4 x Alkaline AA size, replaceable.

#### Comfort cuff

Size: 22 - 32 cm, with soft finishing.

### AVAILABLE ACCESSORIES

#### Extra Large Cuff

Size: 32-43 cm, with soft finishing.

Code: 2020.20.01  
RRP: £12.99

## HL858DK

Upper Arm Blood Pressure Monitor

Code: 2020.31  
RRP: £92.90

### Fingertip Afib Detector

Atrial fibrillation can be measured by simply placing the index finger on the detector.

### Double LCD

Two LCD displays, one completely dedicated to the waveform graphic.

### Irregular heartbeat detection

Detects irregular pulse rhythms, index of cardiac arrhythmias.

### Triple memory, triple user

Stores up to 120 results in each of the 3 memory banks.

### Switchable power supply

Can be used with AC adapter (not included) or AA alkaline batteries.

### Average value

Displays the average of the latest three readings.

### WHO Classification

Blood pressure values are classified according to the World Health Organization guidelines.

### INCLUDED ACCESSORIES

#### Carrying bag

for safe storage and transport.

#### Comfortable Cuff

23 - 33 cm, with soft finishing.

#### 1.5V batteries

4 x Alkaline AAA size, replaceable.

## MX WRIST MONITOR

Wrist Blood Pressure Monitor

Code: MX86007  
RRP: £24.99

### Clear Read

LCD monitor: all info at one glance

### Irregular heartbeat detection

Detects irregular pulse rhythms, index of cardiac arrhythmias.

### Average Value

Displays average reading of last measurements.

### Memory

120 memories (4 users x 30 measurements per user).

### Always with you

Compact and easily transportable thanks to its storage/travel bag.

### WHO Classification

Blood pressure values are classified according to the World Health Organization guidelines.

### Cuff

14cm to 19.5cm adjustable cuff included.

## MY PRESSURE 2.0

Upper Arm Blood Pressure Monitor

Size  
10,5 x 12 x 5,5 cm

Weight  
310 g

Measurement technology  
Fuzzy Logic

Systolic pressure range  
40 - 260 mmHg

Diastolic pressure range  
40-260 mmHg

Pressure accuracy  
±3 mmHg

Pulse measurement range  
40-160 beats/min

Pulse accuracy  
±5%

Automatic shut off  
3 minutes

Cuff size  
22 - 32 cm (Soft)

Included power supply  
4x 1.5V AA alkaline

Average value  
yes

Carrying bag  
Pouch

Warranty  
2 years

# Cardio monitoring

## Overview

### DESIGNED FOR PROFESSIONALS

*Pispo* matches its home-care diagnostic line with a range of product suitable for **clinicians** of all levels. A selection of devices adequate for **practitioners** as well as **cardiologists** who require more accurate and reliable instruments to validate their diagnosis.

### ALLERGY-FREE AND DURABLE MATERIALS

*Latex allergic* reactions can range from mild skin rashes to severe and life-threatening anaphylactic shock. Since no known cure for latex allergy exists, **avoidance** of latex exposure is the only protection. Healthcare facilities have taken a variety of approaches to reduce both worker and patient exposure to latex. These include replacing products made of natural rubber latex with those made of **alternative materials**. *Pispo* selected its products in order to provide the **safest and most durable materials**.

### MONITORING BLOOD-OXYGEN SATURATION

*Pulse oximeters* are devices designed to be positioned on a **finger** to get in few seconds the blood-oxygen **saturation** (SpO<sub>2</sub>) level, expressed as a percentage.

Values **above 95%** are to be considered **natural**, and therefore generally **good**, while the **lower** they get under that threshold the **critical** they are (a poorly oxygenated blood does not properly nourish body tissues and organs).

SpO<sub>2</sub> is an important parameter for the **prevention** of critical conditions affecting internal tissues and organic functioning, providing important information to the physician on the possible presence of serious **pathologies** such as: heart failure, arterial stenosis, ARDS (acute respiratory distress syndrome), COPD (chronic obstructive pulmonary disease), pulmonary emphysema, congenital heart defects, cystic fibrosis, critical conditions caused by drugs (allergy or overdose).

More over, the use of a *pulse oximeter* may be crucial to monitor **extreme activities**, such as mountaineering at high altitudes or scuba diving, in order to avoid dangerous situations.

### CERTIFIED QUALITY

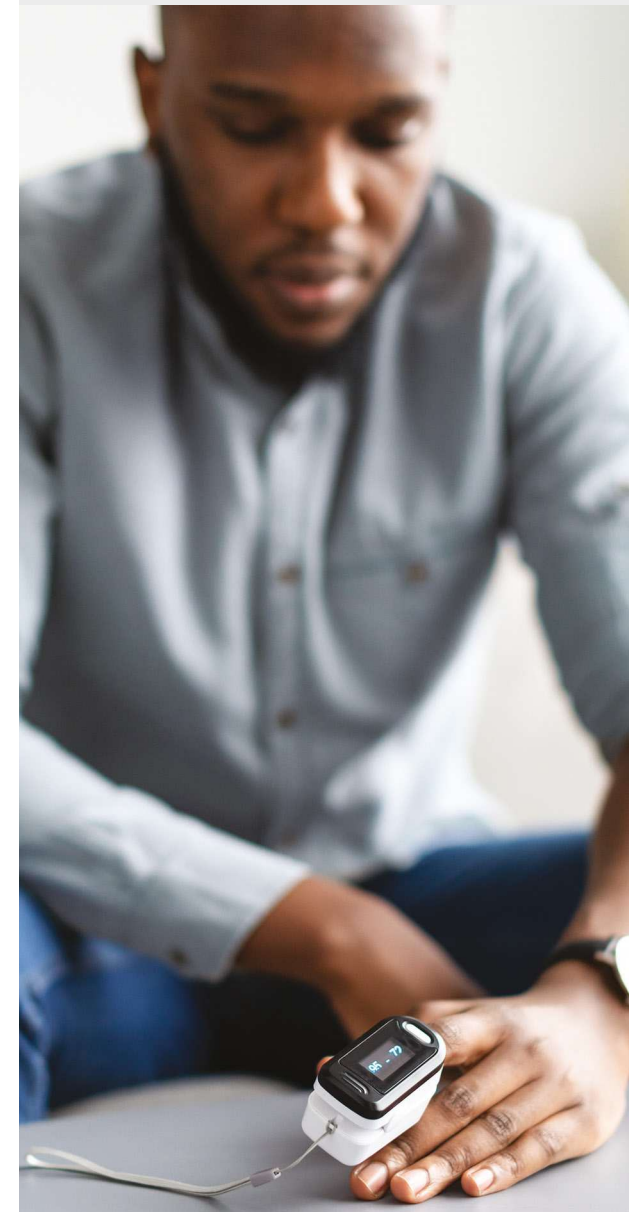

*Pispo* has been successfully distributing many models of pulse oximeters suitable for different users and applications.

We are **certified** medical device manufacturers and always strive to provide the **best** product and service.

RRP: £27.90

### Aneroid

*Riva Rocci/Korotkoff measuring method.*

### Professional use

*Manual inflation system, ideal for professionals.*

### Comfortable cuff

*Size: 22 - 32 cm. Soft finishing, wrapping gently around the arm.*

### Latex free

*A safe and reliable alternative to Latex for allergy sufferers.*

#### INCLUDED ACCESSORIES

##### Carrying bag

*for safe storage and transport.*

##### Metal clamp

*for gauge hooking.*

##### Comfort cuff

*22-32 cm.*

##### Stethoscope

### Accurate

*High-quality sensor providing precise measurements.*

### Always with you

*Small & lightweight design.*

### Smart Display

*Digital LEDs display with two directions for reading. Displays SpO<sub>2</sub>, PR and pulse bar.*

### Energy save

*Low power consumption (batteries last up to 30 hours), automatically shuts off.*

### Suitable for all ages

*Accommodates a wide range of finger sizes from pediatric to adults.*

#### INCLUDED ACCESSORIES

##### Hang lace

*For easy transportation.*

##### 1.5V batteries

*2 x Alkaline AAA size, replaceable.*

# RESPIRATORY

# Respiratory Overview

## ABOUT AEROSOLTHERAPY

Aerosoltherapy is the administration of a treatment in the form of aerosol into the **respiratory** tract for therapeutic purposes. When medications are not available in aerosol form such as an MDI, but only in solutions, **nebulizers** can turn the liquid into suspended particles that carry the active principle to the patient by **inhalation**.

**Pispo** manufactures nebulizers with different technologies indicated for the **treatment** of any respiratory disorder, from administering physiological/hypertonic solutions as mucus thinners (mucolytics), to treating seasonal pathologies such as cold and cough, and acute and chronic pathologies of the upper and lower airways.

## PARAMETERS & TREATMENTS

Different types of treatments can be generated, according to a few parameters, namely:

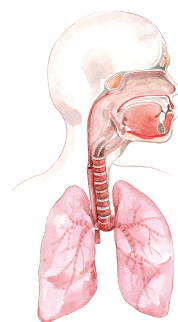

**MMD OR MMAD**  
The mean particle size, expressed in micron ( $\mu\text{m}$ )

**NEB-RATE**  
The speed of nebulization, expressed in ml/min

**RESPIRABLE FRACTION**  
The amount of particles with diameter  $<5\mu\text{m}$

**RESIDUAL VOLUME**  
The amount of medication that cannot be nebulized

**WASTED VOLUME**  
The amount of medication wasted during exhalation

**10-15  $\mu\text{m}$**   
Upper airways

**10 - 5  $\mu\text{m}$**   
Medium airways

**< 5  $\mu\text{m}$**   
Lower airways

## TINY & NOISELESS

**Pispo** vibrating mesh nebulizers are small **hand-held nebulizers** that generate the aerosol by a mesh vibrating at high frequency, micronizing the **medicine** without producing any sound.

A new system which finds more and more applications, not only for children, enjoying the soundless operation, but also towards adults, appreciating the small size, the **versatility** and the light weight of this **revolutionary** aerosol system.

## SAFE & STABLE

All **Pispo** jet nebulizers are made with **safe** biocompatible material which passed stability test with the most prescribed active principles, guaranteeing that **no alteration** of the drugs takes place.

Tested medicines are: Ambroxol, Salbutamol, Beclometasone Dipropionate, Acetylcysteine and Budesonide.

**LONG LASTING BATTERIES**

Can administer up to 20 treatment cycles with one charge.

**REDUCED RESIDUAL VOLUME**

The amount of drug left in the nebulizer after the treatment is  $<0.1\text{ml}$ .

**AUTO CLEANING FUNCTION**

Reduces the risk of annoying clogging of the mesh caused by improper cleaning at the end of each use.

Kiwi+ <

## DURABLE & EFFICIENT

**Pispo** compressor nebulizers are characterized by a main unit, the piston-type compressor, and the jet nebulizer, which is a chamber turning the liquid medicine into aerosol.

**Pispo** compressors are approved for **Non-Stop Operation** and do not require any oil lubrication or maintenance, making them suitable for both prolonged homecare use and **intensive** professional use in the hospitals.

Additionally, a specific attention is dedicated to emergency and ambulances: micropiston compressors are placed in miniaturized housings to create devices powered by **rechargeable batteries** and 12V car adapter.

Minimax

Kubyneb

Gt-Neb

Kiwi+

## KUBYNEB

Compressor Nebulizer

PISPO

Code: 2020.35.P  
RRP: £51.90

### Non-stop operation

The device can work without interruption, in order to guarantee the best performance.

### A place for each accessory

Designed to store accessories and medicines inside the dedicated large compartment.

### Fast & efficient

Fast HI-FLO Nebulizer, 7ml capacity, takes only 4 minutes with 2.5 ml of drug (0.5ml/min).

### Quiet

Noise level comparable to the volume of a conversation (~60dB(A)).

### Excellent nebulization

MMAD: 3,25 µm, respirable fraction >70%, residual volume: 0.40 - 0.50 ml.

### INCLUDED ACCESSORIES

#### Hi-flo

jet nebulizer.

#### Adult mask + Child Mask

with elastic strings.

#### Mouthpiece + Nosepiece

non-invasive.

## KIWI +

Mobile Mesh Nebulizer

CA.MI

Code: 2020.36  
RRP: £94.90

### Fast & efficient

Second generation mesh nebulizer, 8ml capacity, takes only 6 minutes with 2.5 ml of drug (0.30ml/min).

### Long lasting batteries

The lithium batteries last up to 1100 hours of operation or 300 charging cycles.

### Baby friendly

Easy to hold thanks to its small size and pleasant to hear thanks to its low noise level (38.2dB(A)).

### Autocleaning function

Reduces the risk of annoying clogging of the mesh caused by improper cleaning at the end of each use.

### Excellent nebulization

Fine particle size of 1.51 micron, 93% of which is <5 micron and <0.1ml residual volume.

### INCLUDED ACCESSORIES

**Vibrating mesh chamber - Adult mask + Child mask**  
with soft touch finishing

**Mouthpiece + Nosepiece**  
non-invasive

**Carrying case - AC/DC universal power adapter**  
100-240V 50-60Hz  
**Lithium Battery**

## MINIMAX

Compressor Nebulizer

CA.MI

Code: 2020.04  
RRP: £51.90

### Small size, high performance

Tiny and handy, yet powerful. Bring it anywhere thanks to its handy carrying bag.

### Fast & efficient

Fast HI-FLO Nebulizer, takes less than 5 minutes with 2.5 ml of drug (0.35 ml/min).

### Quiet

Noise level comparable to the volume of a conversation (~60dB(A)).

### Excellent nebulization

MMAD: 2.44 µm, respirable fraction >80%, residual volume: 0.40 - 0.50 ml.

### INCLUDED ACCESSORIES

#### Hi-flo

jet nebulizer.

#### Adult mask + Child mask

with elastic strings.

#### Mouthpiece + Nosepiece

non-invasive.

**Air tube**

**Air filter**

detachable.

**Carrying bag**  
for safe storage and transportation.

**Power cord**

## GT-NEB

Mobile Mesh Nebulizer

CA.MI

Code: 2020.01  
RRP: £59.90

### Fast & efficient

An aerosol delivery system operating by means of vibrating MESH technology, joining the best features of compressor and ultrasonic systems in the same unit.

### Easy to use

All types of medications can be nebulized efficiently.

### Always with you

Easy transportable thanks to its small size. Supplied with carrying bag for storage and transport.

### INCLUDED ACCESSORIES

**Adult and child mask with rotatable connector**

**One mouthpiece**

**2 x alkaline batteries AA type 1.5 V**

**Carrying bag**

## NASO FREE

Nasal Irrigation Nebulizer

Code: 2020.48  
RRP: £21.90

### Designed for upper airways

Ideal for washing nasal cavities with saline solution, it helps flushing out excess mucus.

### Easy to handle

Ergonomically shaped and easy to handle.

### Suitable for all ages

Can be used by adult and children thanks to the included adaptors.

### Universal

Compatible with all compressor nebulizers.

### INCLUDED ACCESSORIES

Child adaptor

Adult adaptor

## HI-FLO kit

Small Volume Jet Nebulizer

Code: 2020.26  
RRP: £16.90

### Professional Performance

Double Venturi effect providing fast nebulization.

### Highly compatible

Passed stability test with the most prescribed active principles (Ambroxol, Salbutamol, Beclometasone Dipropionate, Acetylcysteine, Budesonide).

### Excellent nebulization

6 ml capacity and high performances depending on operating flow and pressure.

### INCLUDED IN KIT

#### HI-FLO Nebulizer

# WELLNESS & HOMECARE

# Wellness&Homecare

## Overview

### WELLBEING RIGHT AT HOME

A range of devices conceived for at-home *holistic experiences* that extend across *physical and mental health*; personal care routine is turned into small daily rituals for *self-improvement* that are guaranteed by Pispo's quality signature.

> Humi Rainbow

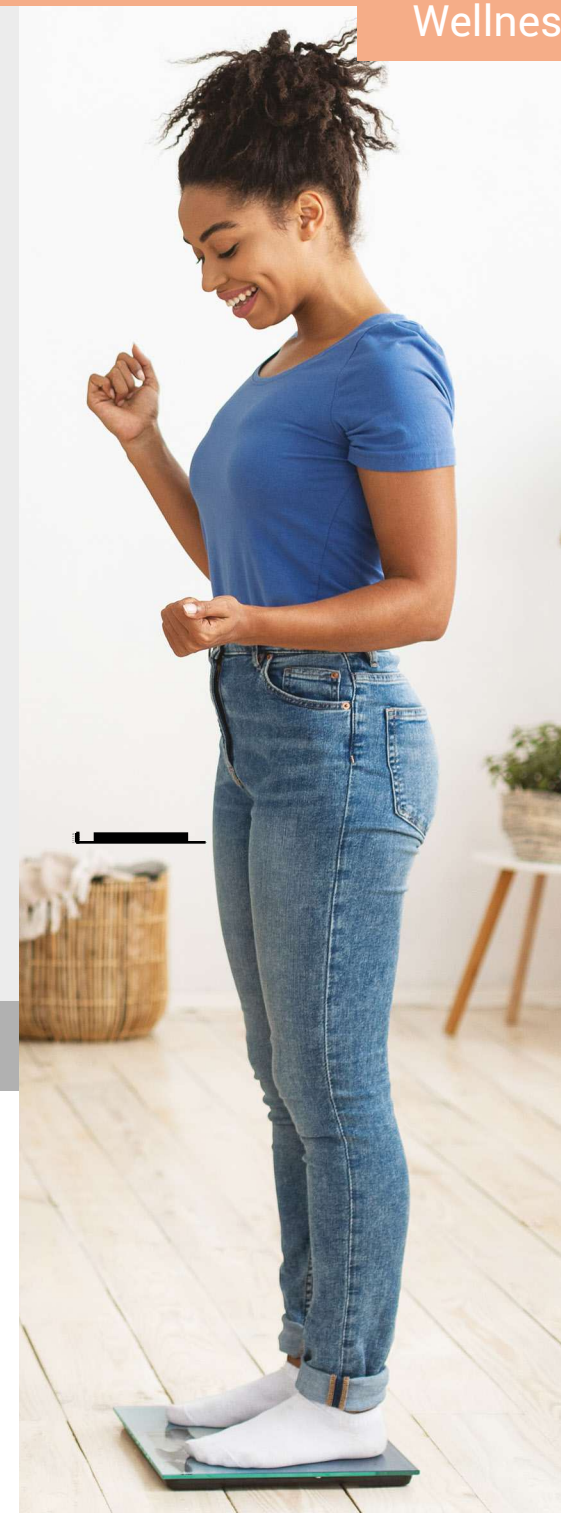

### 360° WELLNESS

A comprehensive line of products finding customer's satisfaction worldwide.

Pispo pays special attention to the selection of the materials and to *reduce the environmental impact* aiming to provide state-of-the-art technologies combined with simplicity of use, for all ages.

> Mat - 130

## MAT - 130

Anti decubitus mattress

Code: 2020.30  
RRP: £87.90

### Adjustable bubbles type

Made of 130 air bubbles and equipped with end flaps for correct positioning in the bed. Pressure can be adjusted to best fit with patient weight.

### Delicate

Massages skin delicately at alternating points of contact for improved blood flow and tissue oxygenation preventing bedsores formation.

### Safe & non-toxic

Made of highly elastic non-toxic PVC, resistant and easy to clean.

### Self inflating

Easily inflates with its own compressor.

### INCLUDED PARTS

#### Air pump

230V / 50Hz, Output:  
4.5 l/min

#### Inflatable mattress

Made of Pvc  
300 x 90 x 6.5 cm

## D32

Water Flosser

Code: 2020.27  
RRP: £67.90

### Complete prevention

The five included accessories make it the ideal tool for daily hygiene of teeth, gums and tongue.

### High-capacity

Can contain up to 800ml of water.

### Quiet

Lower noise volume compared to other similar products.

### Sonic vibration

High-speed hair brush vibration, removing thoroughly sticky dental plaque deep down to the gum line.

### Multiple speeds

Allows to decrease or increase the water pressure to provide a gentle cleaning of sensitive areas or a deep and targeted one.

### INCLUDED ACCESSORIES

- 1 x subgingival tip
- 2 x vibrating brush heads
- 1 x soft gum massager
- 1 x tongue cleaner
- 1 x water jet tip

## NEW THERMAR

Electric Heating Pad

Code: 2020.071  
RRP: £34.90

### Ergonomic

Allow a targeted heat application and can be positioned on various parts of the body such as cervical, shoulders, neck, abdomen and joints.

### 4 Temperature Levels

The control with luminous display allows the regulation of the desired temperature intensity with 4 adjustment possibilities.

### Built-in heating

Built-in rapid heating function.

### Auto-off Function

For greater safety, it is equipped with an auto-off function after 90 minutes of continuous operation.

### Washable Cover

The simplicity of use and the washable cover make the product ideal and suitable for use in the family.

### INCLUDED ACCESSORIES

#### Heating cushion

30 x 40 x 1 cm

#### Power cable

Length: 2m

#### Heat adjustment control

4 levels of intensity

#### Soft washable fabric cover

## FAMILY TEETH

Electric toothbrush

Code: 2020.44  
RRP: £19.90

### Sonic vibration

High speed hair brush vibration, removing thoroughly sticky dental plaque deep down to the gum line.

### USB-Friendly

Rechargeable battery powered by micro-USB charger, to use it anywhere.

### Multi-function

3 washing modes (white/clean/sensitive) and 3 massages modes.

### Time alert

Automatic short stop every 30 sec., reminding the user to brush the next sextant of the mouth.

### Ergonomic & gentle

Ergonomic DuPont head with soft bristles.

### INCLUDED ACCESSORIES

#### Micro USB charger

to charge the toothbrush anywhere.

#### 2 brush-heads

**ESSENTIA**

Humidifier

Code: 2020.45  
RRP: £69.90

**Elegant design**

Made of polished natural materials such as oak and satin blown glass.

**Chromo and sound therapy**

7 colours settable automatic or steady, and stream sound effect.

**Aroma therapy**

Suitable for aromatic essence oils

**Long autonomy**

The 85ml tank delivers 16ml/h for 6-8 hours non-stop

**Suits any room**

Designed to humidify rooms from 10 to 25 m2.

**OLYSAN**

Aromatic essence oils

RRP: £8.90

**Wide range compatibility**

Suitable for use with Humi-Rainbow, Essentia or any other humidifier.

**Olysan pine & tea tree**

A resinous woody fragrances, with antiseptic and antibacterial action.

**Olysan citrus**

The enchanting fruity flavor of the Mediterranean.

**Olyzanz**

Made with lavender, lemongrass and geranium: an excellent natural remedy to keep mosquitoes away.

**Olysens**

A unique fragrance appreciated by ladies and men, enriching couples experience, by stimulating the production of pheromones.

**HUMI RAINBOW**

Humidifier

Code: 2020.22  
RRP: £64.90

**Chromo therapy**

Automatic 7-led colours change.

**Aroma therapy**

Dedicated tank for aromatic essence oils.

**Long autonomy**

The 2,8l tank delivers 280 ml/h for max 10 hours non-stop.

**Adjustable**

360° rotation of the outlet head with mist output adjustable in any direction.

**Suits any room**

Designed to humidify rooms from 10 to 25 m2.

**BI150 SCALE**

Bathroom Scale

Code: SCALEBI150  
RRP: £39.90

**Connectivity**

The scale is connected to the smartphone through Bluetooth connection; data is shown in real time and is stored chronologically in the App.

**Bioelectrical impedance analysis technology**

The analysis is based upon 12 parameters: weight, body mass index (BMI), fat %, muscles %, visceral fat, bones, water %, basal metabolism rate (BMR), obesity %, protein %, weight without fat and body age.

**Screen**

Large and clearly visible backlit display

**Elegant and durable**

5mm thick tempered glass and shockproof plastic bottom case.

App available in the following languages:  
App disponibile nelle seguenti lingue:  
EN, IT, FR, ES, DE, PL, RU, TR, GR, KZ, JA, ZH

**PERINEAL BOTTLE**

Portable bidet

Code: MX86213  
RRP: £7.99

**Big capacity**

450ml capacity means fewer refills.

**Design**

Perfectly angled and extra-long spout for easy cleaning. Retractable spray nozzle. Secure seal to ensure no leaks. Specifically designed to be held upside down with narrow angled neck for a continuous stream of relief right where you need it.

**Accessories**

Storage/Travel bag perfect for on-the-go activities.

**BI250 SCALE**

Bathroom Scale

Code: SCALEBI250  
RRP: £54.90

**Connectivity**

The scale is connected to the smartphone through Bluetooth connection; data is shown in real time and is stored chronologically in the App.

## BABY CARE

# Babycare

## Overview

### START OFF ON THE RIGHT FOOT

Every mum wants what's best for her baby from day one. Then it's good to know there is **expert advice** on hand to help take care of mums and babies during the first stage of their lives. **Pispo** products will **support** the choices of **mums** in every field of babies' growth, as this company aims to help every mum to make her baby start off on the right foot.

> Thermo Baby

### A WHOLE WORLD FOR NEWBORNS CARE

**Pispo** products are selected to support every mum's choice. Hence, whether it's breastfeeding or bottle-feeding, and while monitoring and taking care of the baby's health, **Pispo's** there from the very first steps.

### THE IMPORTANCE OF BREASTFEEDING

Breast milk is the best for the baby's start in life. It contains all the necessary substances to satisfy the **nutritional** and **psychological** needs of the newborn up to the age of 6 months and provides natural protection against infections as well as supporting the infant's ongoing health and development. **Pispo**'s breast pumps are designed to **help mothers** in the breastfeeding **journey**, making it easier and comfortable to give their children all the advantages of breastfeeding.

### GENTLE & SAFE

**Pispo** products are made only with the **best materials** to **guarantee** that every baby is treated with the gentleness and safety they deserve.

### SAFE & HYGIENIC

Made of medical grade silicone, safe to use and easy to sterilize.

### COMFORTABLE

Soft, flexible cushion, feels extra comfortable on the breast.

### ADJUSTABLE

Aspiration can be adjusted to respect maternal breast sensibility and guarantee painless milk extraction.

EASY  
to use

> Mamy Milk

> Air Baby

**MANUAL MILK**

Breast Pump

Code: 2020.02  
RRP: £31.90

**Safe and hygienic materials**

Made of medical grade silicone, safe to use and easy to sterilize.

**Ergonomic**

Compact design, easy to hold and position on your breast.

**Extra comfortable**

Soft, flexible cushion, feels extra comfortable on the breast.

**INCLUDED ACCESSORIES**

**Nipple shield**

Made of soft and hygienic silicone.

**Milk bottle adapter**

Universal model

**Milk bottle**

Size: 140ml, with nipple and protecting cap.

**Spare valve**

**NEW MUKY**

Nasal Aspirator

Code: 2020.49  
RRP: £44.90

**Optimal aspiration**

Removes thick mucus effectively thanks to the max suction power of 58 kPa.

**Easy to clean**

It can be easily disassembled for cleaning.

**Entertaining**

Plays a sweet melody for baby entertainment.

**Soft & gentle**

Thanks to its gentleness an be used from the first days of life.

**2 adjustable speeds**

Aspiration can be adjusted to the desired speed.

**ACCESSORIES**

**Narrow tip**

Made of soft and hygienic silicone

**Large tip**

Made of soft and hygienic silicone

**1,5V Batteries**

2 x Alkaline AA size, replaceable.

**MAMY MILK**

Breast Pump

Code: 2020.50  
RRP: £89.90

**10 adjustable speeds**

Aspiration can be adjusted to respect maternal breast sensibility and guarantee painless milk extraction.

**Safe and hygienic materials**

Made of medical grade silicone, safe to use and easy to sterilize.

**Ergonomic**

Compact design, easy to hold and position on your breast.

**Extra comfortable**

Soft, flexible cushion, feels extra comfortable on the breast.

**INCLUDED ACCESSORIES**

**Nipple shields**

Made of soft and hygienic silicone.

**Milk bottle**

Size: 140ml, with nipple and protecting cap.

**Air tube**

**Support base**

**AC/DC power adapter**

Input: 100-240V 50-60Hz 0,4A

**USB cable**

**THERMO BABY**

Bottle Warmer

Code: 2020.58  
RRP: £38.90

**Universal**

Suitable for all milk bottles models.

**Reliable**

Warms milk gradually and in a uniform way.

**Multifunction**

3 modes helping mothers taking care of their babies:  
40° C Defrosts and keeps warm  
70° C Heats baby food  
100° C Sterilizes small items

**Sterilize mode**

Can be used to sterilize small objects.

**Energy save**

Automatically shuts off after 10 seconds.

**INCLUDED ACCESSORIES**

**Food warmer**

with cover

**AC/DC power adapter**

220-240V, 50Hz, 220W

**KIDS PLASTERS**

Waterproof plasters

Code: MX79511  
RRP: £2.99

**Material**

Waterproof plasters in breathable material.  
Hypoallergenic and latex free.

**Great protection**

Strong adhesion ensures that the plaster stays in place. Protective wound pad protects and cushions the wound.

**Assorted sizes**

10 (19mm x 56mm) and 10 (19mm x 72mm)

**2IN1 NASAL ASPIRATOR**

Nasal aspirator

Code: VK79440  
RRP: £9.99

**Special device configuration**

Safe from birth. BPA/phthalate free

**Easy to handle**

Quick, gentle and effective

**2 in 1 design**

The 2 in 1 design allows for aspiration via manual suction and vacuum suction

**INCLUDED ACCESSORIES**

- 1 x silicone nose tip**
- 1 x mouthpiece**
- 1 x silicone tube**
- 1 x connector**
- 3 x filters**
- 1 x vacuum attachment**

**BAMBY**

Baby Electronic Scale

Code: 220.56  
RRP: £74.90

**Superior accuracy**

Thanks to its 4 high-quality sensors detects even small changes in weight (5g).

**Monitors every step**

Made to measure the weight of newborns, toddlers and young kids (0.5-20kg).

**Durable materials**

Made of sturdy and long-lasting ABS plastic.

**Energy save**

Automatically shuts off after 10 seconds.

**INCLUDED ACCESSORIES**

- Lithium battery**
- 1 x 3V DC lithium battery (cr2032)

**AIR BABY**

Baby air dryer

Code: 2020.59  
RRP: £29.99

**Anti scalding**

The air flow is uniformly heated to a maximum of 45°C, reducing the risk of burns.

**Temperature**

Choose between two temperatures depending on your child's age.

**Compact and foldable**

Foldable handle, lightweight and easy to store. Perfect for everyday use or travel.

**Silent**

Suitable for your baby since birth age.

# Footcare Overview

## HYDROCOLLOID PLASTERS

VitaPlus Footcare helps eliminate pressure points, offers added protection and helps ease discomfort associated with blisters, corns, calluses, bunions and overlapping toes.

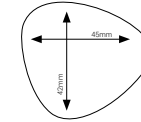

Hydrocolloid acts as a scab by allowing the body to retain fluids that help heal the wounds while still protecting the wound. When shoes rub, causing the first layers of skin to be removed and a blister to form, Vitaplus Plasters acts like a second skin to:

Protect and cushion from rubbing to relieve discomfort. Repel water and dirt. Stay firmly in place for several days. Helps accelerate healing.

# Natural defence topical wound care with **Ultrapure**

Ultra **Pure™**

## What is Ultrapure

For use in wound care, wound irrigation, wet to dry dressings, atopic dermatitis pyoderma, dermatophytes, hotspots, ear and eye care.

Used in hospitals worldwide. Ultrapure's MaxiVet range is hospital grade, suitable for use in veterinary surgeries as well as in retail ready packaging for home care and treatment post-surgery or for minor wounds, cuts and grazes.

## Benefits

- Kills 99% pathogens
- Promotes wound healing
- Effective in biofilm
- Odour neutralising
- 80-100 times more effective than bleach
- Shelf Stable
- Non-toxic
- Eco friendly
- No harmful chemicals
- Painless application doesn't sting like traditional antiseptics

## PRODUCT RANGE

### WOUND TREATMENT

A natural antibacterial and antifungal agent indicated in the supportive management of burns, wound care, superficial infections, atopy and ringworm. Use may extend to surgical preparations, particularly on sensitive skin, skin fold dermatitis, skin graft management and is safe for use on reptiles and birds.

### EAR TREATMENT

A natural antibacterial and antifungal solution used to aid in the soothing and alleviation of symptoms of otitis externa.

Use is recommended in a cleaned ear only.

### EYE TREATMENT

A natural antibacterial, antiviral and antifungal solution used to aid in the soothing and alleviation of symptoms of infectious and inflammatory ocular and periocular conditions.
